

Awards 2020

Awards meet on Orthopedics and Surgery

Laurence,

Head of Braine Technical Operations at UCB ,Belgium

This conference mainly focuses on orthopaedics, rheumatology, sports medicine, musculoskeletal disorders, etc. The conference is based on the theme “*Unveil the latest revolutions in Orthopedics*”, focusing on [research contributions and achievements](#).

Expert Level

It is the most prestigious award of the conference and tagged as a Scientific Service Achievement award. The experts having more than 20+ years of experience in the related subject field are eligible for this award. The person should have a patent or well-established research in the field of Orthopedics.

Professional Level

It is one of the prestigious awards of the conference, [Orthopedics 2020](#). The experts of [Orthopedics](#) having nearly about 10 years of experience are eligible to apply for this award. Part-time research experience would be counted as pro-rata. The experience will be calculated from the date when you received your (first) degree which will give you the title to join doctorate (in the country from where you obtained the degree or any other foreign country), even if the doctorate was never started.

Scholar Level

The award is for the research students who are specialists in the field of [Orthopedics](#). [Orthopedics 2020](#) would like to offer the best platform for such students to expand their network by sharing research

knowledge at a stage through their enchanting speech. You can nominate deserving of the award online.

Women Scientist

[Orthopedics 2020](#) cordially invites women scholars and scientists from different universities/industries to join the forum, providing a unique opportunity for the women scientist/researcher to present their research at an international podium. We are happy to encourage women scientist participants through research awards and provide assistance for women scholars in career development and research guidance through our collaborations.

Outstanding Speaker

The award is recognizing individual who will present their projects, strategies, and schemes in the field of cancer that has been implemented to improve long-term excellence. The individuals will be judged based on their research, their presentation skills, etc.
